Our Popular Green Coating ENCASEMENT Solutions are Designed for Long-lasting Defensive Protection for You & Your Properties While Also Caring for Our Planet.

### Why Replace? Guard Your Place - Just ENCASE!

## Why Global ENCASEMENT, Inc.?

For over 30 years, Global ENCASEMENT, Inc. (GEI) has provided sustainable, long-lasting, green coating solutions that defend & safeguard your health & the Health of buildings, & the environment.

Our popular eco-friendly ENCASEMENT coatings are:

- Water-Based,
- Non-Toxic,
- Biodegradable,
- Zero VOC's (volatile organic content)
- No Ozone-Depleting Substances (ODS)
- Class-A Fire Rated
- Easy to Apply

### Why Replace? Eco-embrace - Just ENCASE!

They help ensure a greener future while offering the highest defensive performance in safety and durability.

As environmental concerns grow, our products reduce reliance on hazardous materials and support greener solutions.

By eliminating remove & replace with restore & encase, we can extend the life of buildings, preventing the generation, transportation & storage of unwanted waste which helps reduce the carbon footprint & combats climate change.

### Why Replace & Create Waste? Just ENCASE!

## Our Coating Solutions for You

We offer you a range of field-proven, extensively tested, engineered premium coatings that are ideal for defending surfaces, managing solid hazardous materials & providing guaranteed, long-lasting protection

### Weatherproofing & Roofing

Restoring & extending the life of your buildings, roofs & structures with durable, eco-friendly coatings that provide you with exceptional wind/weatherproofing & solar/heat reflection, lowering energy use & helping combat extreme climate change.

### Why Replace? Quality pays - Just ENCASE!

#### Hazardous Material Management

Our solutions ENCASE Asbestos-Containing Materials (ACM), Lead-Based Paint (LBP) & other solid hazardous materials, safely managing them in-place reducing the risk of exposure to you including during renovations or demolitions.

### Why Replace? Knowledge pays - Just ENCASE!

#### Disaster Prevention & Containment:

Our coatings can be used to reinforce & defend your properties against future disasters. They can also contain debris from building demolitions & natural disasters, minimizing the environmental impact & preserving air quality.

### Why Replace? Defend Your Place - Just ENCASE!
